Description

The non-contact Infrared Thermometer offers a precise and fast reading of your body temperature with a single click of a button. This sleek and portable device can be used to read body, food, and water temperatures in both C/F, displayed on a large LED screen and up to 32 memory storage settings. Featuring a large, full-color ready imprint area to promote your brand and message, and comes with a drawstring carrying pouch (with optional imprint). AAA Battery not included. 6 1/2" L x 1 1/2" W x 1 1/2" H
