## Description

---

This tablet stand doubles as a handle grip. Position the grip vertically, horizontally or anywhere in between for maximum comfort during hand-held or table-top usage. A non-permanent adhesive provides a strong grip to your device, yet is easy to remove and leaves no residue. Keep adhesive pad clean and use it over and over. Ergonomic handle design eliminates hand and finger fatigue and a non-skid foot keeps your tablet steady. A hex wrench is included for tightening and repositioning. Complies with Prop 65. 2 3/4" W x 6" H x 3/4" D
