Description

Luggage scale weighs up to 65 lbs. Made from combination of metal & ABS plastic components. Includes comfortable rubber-coated handle plus magnet to keep hook in place when not in use. This convenient scale assists in determining that luggage complies with current airline weight limitations. Portable and compact, also includes a 3 foot tape measure to ensure that carry-on luggage meets size requirements. 5 1/2" W x 3 3/4" H x 1 3/8" D
